SUMMARY

I am a Web Developer with over a year of professional experience and a degree in Computer Science and Engineering. I am passionate about technology and always eager to learn new tools and frameworks to keep up with this fast changing field. I enjoy working with teams to solve problems, value clear communication and creativity, and aim to build impactful solutions with both efficiency and adaptability.

WORK EXPERIENCE

Web Developer, linkscope.io **Oct 2025 - Present**

- Maintain and enhance the company's main website to ensure high performance, SEO optimization, and user engagement.
- Develop responsive, SEO-friendly websites for client projects in collaboration with the marketing and design teams.
- Coordinate with the design team to translate UI/UX wireframes into fully functional websites.

WordPress Developer, Forazi Tech **Jun 2024 - Jul 2025**

- Developed and maintained custom WordPress websites, ensuring performance, security, and scalability.
- Worked extensively with Elementor for building and customizing WordPress sites and also explored other CMS platforms like Webflow.
- Collaborated with cross-functional teams to deliver projects on time while meeting client requirements.

Industrial Attachment, Global Technology Advancement **Oct 2023 - Dec 2025**

While working on my industrial attachment at Global Technology Advancement from October, 2023 to December, 2023, I was given the opportunity to gain practical work experience in a busy and innovative technology company. I had an opportunity to apply my theoretical learning and upgrade in different fields of web development, project management among others.
